RG-TWINMASTER

Air pistols with cal. 4,5 mm / .177

for beginners, young shots and active riflemen

TWINMASTER "Sport" air pistol has been newly designed for shooting in keeping with the rules of the ISSF and german shooting association.

»SPORT«
single shot model

Technical data

- compressed air cartridge with pressure gauge for about 120 shots at a pressure of 200 bar
- exchangeable rear and front sight plates
- compensator
- adjustable direct trigger - 450 to 600 g
- high muzzle velocity
- lenght-adjustable moulded butt made of laminated wood
- trigger stop
- mock training possible

An inexpensive entry-level air pistol well-tried in competition. An ideal club weapon, which is convincing in quality, precision and reliability.

Available in three different butt sizes. S/M for right-handers and butt size M for left-handers.
